

Groundbreaking design

Developed in partnership with BMS Products, the HiO® XACT™ is a cutting-edge innovation. High-tech materials provide a rugged and durable construction while keeping weight to a minimum. Our superior, optimized design also minimizes traditional hole cutter wear points to increase longevity and reliability — providing you a more sustainable and cost-effective solution.

HiO XACT™

Greater Comfort

Permanently molded rubber grips enhance durability, ensure a comfortable and secure hold, and reduce user fatigue.

Easy Plug Removal

Our advanced ratchet system makes plug removal smoother and less labor-intensive.

Better Precision

Unique linear guide rails ensure highly accurate, smooth and consistent operation to significantly improve your ease of use and efficiency.

Built-In Level

Get a straight cup every time with our easy-to-see level, which we've built directly into the top handle.

Revolutionary Locking

Integrated directly into the hammer mechanism, our three-way locking system offers enhanced safety and precision, giving you greater control and effectiveness.

Enhanced Blade Technology

The stronger, longer-lasting and more resilient blades reduce the need for frequent replacements.

HiO XACT

- 1006-1** HiO XACT w/ inside sharpened blade
- 1006-2** HiO XACT w/ outside sharpened blade
- 1010-01** HiO XACT inside sharpened replacement blade
- 1010-02** HiO XACT outside sharpened replacement blade
- 1033-1** HiO XACT depth gauge
- 1034** Par Aide depth gauge (fits HiO XACT)
- 1033-2** HiO XACT docking station
